Briarcliff Manor, NY 10510

## EDV-TVDVR

Our EDV-TVDVR is a PCMCIA TV tuner card that converts your laptop computer into a TV/DVR. It comes with a TV Recording application that allows you can watch, pause and record live TV on your hard drive. Elyssa Corp.'s EDV-TVDVR is even better than a VCR! With this device, not only can you Pause and Rewind live TV but also you can do Instant Replays! So if you're watching a football game and you want to see that scoring play one more time, simply rewind it and watch it again as many times as you wish.

### TV Recording Scheduler

Program your Elyssa EDV-TVDVR to record TV show days in advance. With the TV Recording Scheduler you can watch your favorite TV program whether you are sitting in front of your PC or anywhere in the world.

### Time Shift Function

Simultaneously recording and watching TV is incredibly easy with the Time Shift Function. If you're watching and want to replay an event, no problem! You can watch the event while The EDV-TVDVR continues recording the rest of the program. Now you won't have to miss a minute of the show!

### 16 Channel Preview

With this easy-to-use feature, you can conveniently preview a series of 16 channels at a time. Includes bonus CD software bundle. Allows you to make your TV Tuner Card a professional security system (trial version included) and a Web TV.
