WEATHERPROOF DAY/NIGHT HIGH RESOLUTION INFRARED ILLUMINATED COLOR CCD CAMERA

Models

ECWB3-HIRB

ECWB3-HIRW

These high resolution, compact cameras automatically switch from color to black and white in low lighting conditions to provide a viewable image. They have 12 LED illuminators that provide a 10 meter IR range. All this in a versatile, weatherproof environmentally pleasing ball housing that is easily adjustable to almost any viewing angle. Available in your choice of black or white housings.
